While I prefer acrylic paint, my greatest satisfaction comes from creating paintings that incorporate various textures.

For example, Charcoal, fabrics, synthetic hair, gems, different metals and I Lazer cut various wood materials for creation. I've created personal portraits for clients / people.

My painting style is BOLD, COLORFUL & RICH.

I've hosted Paint & Sip events for 5 years, in person and virtual. I also donate a painting to the "Summer Breeze" event for the College Scholarship Fundraiser at Block 21 Winery in Lodi, Ca. for the last 2 years for The Stockton Black Family Committee. Commissioned for 97.5 radio station for Art Display at various events.
